All –

Please see attached our response to your draft comments of 1-8 regarding the OU2/CBA risk tech memo.

Please disregard an earlier version you may have received as it had duplicated pages due to a pdf creation error on my part. My apologies for any confusion.

Thank you, Timmerly

**Subject:** EPA's draft comments on the OU2 BRA Memo

Good afternoon Prashant,

Please find EPA's draft comments on the Baseline Risk Assessment Memo attached. EPA requests that draft responses to these comments be prepared and provided back to EPA and GEDP within 30 days, sooner if possible. EPA does not consider any of the issues noted insurmountable and the comments should be straightforward to address. If you have any questions do not hesitate to contact me. Once draft responses have been prepared and submitted, EPA requests a meeting/conference call to discuss the responses and any issues.

Sincerely,

Robert H. Pope, GS-14
